Tools:

Wire cutters
Chain-nose pliers
Round-nose pliers
Crimping pliers

Instructions:

Create sharp oval drops

1. Pass a 2" eyepin through a jet glass sharp oval, leaving about ½" of space between the bead and the eye of the eyepin. Make a bend in the eyepin so that the wire conforms to the shape of the oval bead, with the eye of the eyepin near the pointed tip of the sharp oval.
2. Bend the eye so that it is aligned with the point of the bead. Wrap the tail end of the wire around the base of the eyepin, securing the bead on the wire. Trim wire ends.
3. Repeat steps 1 and 2 for each jet glass sharp oval.

Embellish wire wrapped ovals

4. Cut the beading wire into 4 10-inch pieces.
5. Onto a piece of wire slide a crimp tube. Pass wire through the loop of a wire wrapped oval and back through the crimp tube. Crimp the tube.
6. Slide 1 bead from the 6/0 ruby E bead mix onto the wire. Pass the beading wire under the wire of the wire wrapped oval. Repeat this step, working your way down the wires along one side of the wire wrapped oval. When you get to the opposite end of the bead, slide a crimp tube onto the beading wire. Pass the beading wire through the loop at the opposite end of the bead and back through the crimp tube. Pull the wire to hold the ruby beads securely on the wire wrapped oval and crimp the tube. Trim excess beading wire.
7. Repeat steps 5 and 6 for remaining three wire wrapped ovals.

Make headpin drops and eyepin links

8. Onto a headpin slide 1 10mm jet step faceted round. Make a simple loop. Repeat for remaining 10mm jet faceted rounds, all 9x12mm jet faceted rondelles, all 10mm ruby step faceted rounds, all 10x15mm jet faceted ovals, 5 8x10mm red opaque faceted rondelles, 20 10mm jet ornament cut lentils, all 6mm jet faceted rounds, all 8mm pink bicones, all 4mm ruby rainbow diamond cut cubes and all 8mm jet faceted rounds.
9. Onto an eyepin, slide 1 8mm ruby v-cut bead. Make a simple loop. Repeat for remaining 8mm ruby v-cut beads.
10. Open one loop of the ruby v-cut bead link and slide onto it a sharp oval drop. Close the loop. Repeat for remaining ruby v-cut links.

Assemble the necklace

- 11.** Unscrew the ball bead of the easy necklace base.
- 12.** Onto the wire string 3 of the 6/0 ruby E beads, 3 4x6mm jet faceted rondelles, 3 6x8mm jet faceted rondelles.
- 13.** String 1 10mm jet step faceted round drop and 1 3x6mm jet faceted rondelle. Repeat 2 more times.
- 14.** String 1 9x12mm jet faceted rondelle drop, 1 10mm ruby step faceted round drop, 1 10x15mm jet faceted oval drop and 1 3x6mm faceted rondelle. Repeat 1 time.
- 15.** String 1 8x10mm red opaque faceted rondelle, 1 10x15mm jet faceted oval drop, 1 9x12mm faceted rondelle drop, 1 10mm jet ornament cut lentil drop and 1 10mm jet faceted ornamental cut lentil.
- 16.** String 1 sharp oval drop, 1 10mm jet ornament cut lentil drop, 1 10mm ruby step faceted drop, 1 6mm jet faceted round drop, 1 12x14mm black CZ marquise, 1 6mm jet faceted round drop, 1 8mm pink bicone drop, 1 10mm jet ornament cut lentil drop, 1 sharp oval drop and 1 10mm jet ornament cut lentil. Repeat this step 3 more times, replacing the black CZ marquise with a dark red CZ marquise in the first repeat, a black CZ marquise in the second repeat and the black faceted teardrop in the third repeat.
- 17.** String 1 4mm ruby rainbow diamond cut cube drop, 1 6mm jet faceted round drop, 1 10mm jet ornament faceted lentil drop, the top loop of a ruby v-cut link, 1 4mm ruby rainbow diamond cut cube drop, 1 8mm pink bicone drop, 1 8mm jet faceted round drop and 1 3x6mm jet faceted rondelle.
- 18.** String the loop of an embellished wire wrapped oval, ensuring that the wrapped portion is on the right side of the bead and repeat step 17 in reverse.
- 19.** String 1 10mm jet ornament cut lentil, 1 10x15mm jet faceted oval drop, 1 8x10mm red opaque faceted rondelle drop, 1 pink CZ teardrop, 1 8x10mm red opaque faceted rondelle drop, 1 10x15mm jet faceted oval drop and 1 10mm jet ornament cut lentil.
- 20.** Repeat steps 17, 18 and 19.
- 21.** Repeat 17 and 18 two more times.
- 22.** Repeat step 16 without the repeats.
- 23.** Repeat steps 12 through 15 in reverse order.
- 24.** Screw ball into place to hold beads on necklace form. Open a jumpring and attach to it a 1-inch length of chain and a ½ inch length of chain. Open a second jumpring and attach it to the opposite end of the ½-inch length of chain as well as the easy necklace form near the ball.
- 25.** Open a jumpring and attach it to the loop of the lobster clasp. Attach a second jumpring to the previous loop and the opposite side of the necklace form.
- 26.** Attach remaining drops to the 1-inch length of chain for decorative dangles.

Tools:

Crimping pliers
Wire cutters
Round-nose pliers
Chain-nose pliers

Instructions

Embellish wire wrapped ovals

- 1.** Unlink the wire wrapped ovals using a pair of chain-nose pliers to avoid damaging the looped links.
- 2.** Cut the .010" beading wire into 3 10-inch pieces.
- 3.** Onto a piece of wire slide a #1 crimp tube. Pass wire through the loop of a wire wrapped oval and back through the crimp tube. Flatten the tube.
- 4.** Slide 1 bead from the 6/0 ruby E bead mix onto the wire. Pass the beading wire under the wire of the wire wrapped oval. Repeat this step, working your way down the wires along one side of the wire wrapped oval.
- 5.** When you get to the opposite end of the bead, slide a crimp tube onto the beading wire. Pass the beading wire through the loop at the opposite end of the bead and back through the crimp tube. Pull the wire to hold the ruby beads securely on the wire wrapped oval and crimp the tube. Trim excess beading wire.
- 6.** Repeat steps 3 through 5 for remaining two wire wrapped ovals.

Create sharp oval drops

- 7.** Pass a 2" eyepin through a jet glass sharp oval, leaving about ½" of space between the bead and the eye of the eyepin. Make a bend in the eyepin so that the wire conforms to the shape of the oval bead, with the eye of the eyepin near the pointed tip of the sharp oval.
- 8.** Bend the eye so that it is aligned with the point of the bead. Wrap the tail end of the wire around the base of the eyepin, securing the bead on the wire. Trim wire ends.
- 9.** Repeat steps 1 and 2 for each jet glass sharp oval.

Make headpin drops

- 10.** Onto a headpin slide 1 10mm jet step faceted round. Make a wrapped loop. Repeat for second 10mm jet faceted round, the 10mm ruby step faceted round, 2 8x10mm red opaque faceted rondelles, 1 8mm jet faceted round and the 3 4mm ruby rainbow diamond cut cubes.

Assemble the necklace

- 11.** Open a 7mm jumpring. Onto it slide one of the large wire wrapped oval, 1 10mm jet faceted round drop, 1 4mm ruby rainbow diamond cut cube drop, 1 sharp oval drop, the dark red CZ marquis, 1 sharp oval drop, 1 8mm jet faceted round drop, 1 8x10mm red opaque faceted rondelle drop, and the second large wire wrapped oval so that the wrapped portions are opposite each other (one is on top; one is on the bottom). Close the jumpring.
- 12.** Open the second 7mm jumpring. Onto it slide the opposite loop of the second large wire wrapped oval drop, 1 10mm ruby step faceted round drop, 1 4mm ruby rainbow diamond cut cube drop, 1 8x10mm red opaque faceted rondelle drop, 1 sharp oval drop, 1 10mm jet faceted round drop, 1 4mm ruby rainbow diamond cut cube drop and the loop of the third large wire wrapped oval link.
- 13.** Cut the .018" flexible beading wire into two 10-inch pieces. Cut the French wire into 4 3/8-inch pieces.
- 14.** Onto 1 piece of beading wire, string 1 #2 crimp tube and a piece of French wire. Pass the wire through the loop of the ring portion of the toggle clasp and back through the crimp tube. Crimp the tube and trim excess wire.
- 15.** String ABCBECBFBCEBCEBDBCBA.
- 16.** String 1 #2 crimp tube and a piece of French wire. Pass the wire through the loop of the loop of the first large wire wrapped oval and back through the crimp tube. Crimp the tube and trim excess wire.
- 17.** Repeat steps 14 through 16 attaching the wire to the loop on the bar portion of the clasp and the opposite end of the large wire-wrapped oval section.
