

# Best Friend Necklace

by  
Vicki O'Dell

## Supplies:

- Leather cording
- Wire
- Chain
- Beads
- Head pins
- 4mm jump ring
- ImpressArt [Soft Strike Pewter Washers](#)
- ImpressArt [Soft Strike Pewter Heart](#)
- [Basic Jewelry Making Tools](#)

**Directions:**

1. Stamp the words "BEST" on the washer and "FRIEND" on the heart according to manufacturer instructions.
2. Make the letters stand out by going over them with a black permanent marker. Wipe off any excess quickly.
3. Place the cord around your neck to measure how long to make your lariat. Remember, the stamped blanks and bead dangles will add more length. Set aside.
4. Thread one side of the cording through the hole in the washer and create a loop with the cut end and the long portion of the lariat.
5. Cut 3-4 inches of wire and wire wrap the end of the cord to the long length of cord.
6. Pass the free end of cording through the middle of the washer and then repeat steps 4 and 5 with the heart.
7. Add the jump ring to the second hole in the heart and add lengths of chain to it.
8. Attach beads with head pins and either a simple loop or a wire wrapped loop.
