2406-1
Toggle Necklaces
Designed by Katie Hacker

Materials needed
TierraCast:
      bird, bee or butterfly bead
      tiny bead cap
      daisy spacer bead
      head pin
      chain
      jump ring
freeform stone bead or large coin from DakotaStones.com
4mm Swarovski crystal

Tools:
round-nose pliers
chain-nose pliers
wire cutters

Instructions

1. String a spacer bead (or tiny bead cap) onto a head pin.
2. Pass the head pin through a large stone bead, a winged creature bead and a crystal.
3. Use round-nose pliers to make a basic loop above the crystal.
4. Use a jump ring to attach the head pin loop to a toggle ring.
5. Cut the chain to the desired necklace length (keep the clasp length in mind).
6. Open the first link on the chain and attach it to the toggle ring, open the last link on the chain and attach it to the toggle bar.
