

2412-2

Beach Stone Lariat

Designed by Candie Cooper

Materials needed

Spool of brown suede lace

Large circular StoneSett prong piece

Flat beach glass piece

6" piece of 20-22g. Artistic Wire

Fold over silver end findings

Silver jump rings

Ergo tools plier set

StoneSett CZ setting sand CZ drops

Instructions

Roll the prongs around the beach glass leaving two un-rolled at approximately 10 and 2 on the StoneSett piece. These two prongs will be rolled backward with round nose pliers.

Cut three suede pieces to the desired lariat length.

Thread the cords through the back loops of the StoneSett piece.

Wrap the wire around all the cords to bundle them just below the StoneSett piece—this also prevents the StoneSett piece from sliding down the cords.

Finish the ends with the fold over end findings and attach sparkle StoneSett charms or beaded dangles to the ends.
