Assorted pendants on 10mm jump rings

Assorted tassels

Assorted 3" chain lengths

Watch fobs

Tools and Supplies:

Jewelry pliers

Wire cutters

Multi-compartment containers

Price signs and stickers

Packaging materials

Instructions:

1. Make finished chains by attaching 1 4mm jump ring and lobster clasp to one end of 24" chain, and attaching 1 4mm jump ring and 1 5mm jump ring to other end of chain. Hang carefully to avoid tangling.
2. Make beaded pendants by stringing one bead onto ball pin and finishing with wrapped loop. Attach 1 10mm jump ring to loop.
3. Make charm pendant by adding 1 10mm jump ring to charm.
4. Make tassels by folding 4" lengths of ribbon or yarn through 1 10mm jump ring. Wrap with 6" of 20 gauge wire near fold. Cut wire end and gently press end with pliers.
5. Organize pendants, tassels, chain lengths and watch fobs in separate containers. Mark each compartment clearly with price stickers.
