

## CREATING A FAUX DRUZY

### Materials:

- ICE Resin®
- 2 - ICE Resin® Mixing Cup
- German Glass Glitter
- Stir stick
- Bezel

### Instructions:

1. Fill an ICE Resin® Mixing Cup with desired amount of German Glass Glitter keeping in mind that a little goes a long way.
2. In a second Mixing Cup, mix 1/2oz of ICE Resin® according to mixing instructions.
3. Slowly drip ICE Resin® into the German Glass Glitter using stir stick. Add a little resin at a time until the consistency resembles wet sand.
4. After the German Glass Glitter and resin are mixed, gently add the mixture into a bezel with stir stick, making sure to pack it into the corners.
5. Allow to dry for approximately 8 hours before moving or handling. ICE Resin® will be fully cured in 3 days.
