### **Instructions:**

Step 1. Use stazon ink pad and stamp to stamp surface of white leather sheet. Use paint brush and patina to paint in various colors of your choice. Continue painting and stamping until you are happy with the piece. Let dry

Step 2. Cut one 1" circle, and two 5/8" circles from painted leather sheet.

Step 3. Use needle and thread to Picot stitch edge of large leather die cut circle using sea foam crystal rondelle and pink 11/0 seed beads.

Step 4. Picot stitch the edge of both smaller leather circles using 11/0 sea foam seed beads and 15/0 pink seed beads.

Step 5. Cut two 1 5/8" daisy shapes, and cut four small daisy shapes from silver leather.

Step 6. From the navy lambskin cut one 1.5" circle and two small 7/8" daisies.

Step 7. Use Fiebings glue and flat brush to glue large silver daisies back to back. Glue small daisy shapes back to back. Leaving you with one large and two double-sided silver daisies.

Step 8. Center and glue navy circle on large silver daisy. Center and glue navy daisies on small silver daisies.

Step 9. Use rotary hole punch on smallest setting to cut a hole in the one petal of the large silver daisy. Leave two petals between and cut second hole in next petal. Punch two holes in each of the small silver daisy petals at 12:00 and 6:00.

Step 10. Use anvil setter and eyelets to set eyelets in each of the six holes you just punched.

Step 11. Glue beaded circles onto silver daisies. Note place glue on backside of beaded circles but not on beads themselves. Center and glue onto base daisy shapes. Glue large beaded circle to large silver daisy base, centered in navy circle and small beaded circles to the small silver daisy shapes.

Step 12. Cut two 6" pieces of 2mm pink leather cord.

Step 13. Glue end caps onto one end of each of the leather cords.

Step 14. Glue clasp halves onto other ends of leather cord. Let dry.

Step 15. Connect all components with oversized jump rings.
